15th-19th June Sport's Week.

Hello Boys and Girls,

We hope that you are all well. This week is 'Sports Week', unfortunately we can't have a school sports day this year, but instead we are having a 'Sports Week' at home and a sports day(s) at home. A full week in which you are encouraged to get active and have fun. **You have no other work this week!!!**

We ask that you look at all the activities and challenges on the website/google classroom and try as many as you can. You could try a few each day. You can, if you wish, complete the '**Sports Week Activity Log**' on each day, listing the different activities you have completed. The highlight of Sports week is our 'Sports days at Home' which you can attempt on Tuesday and Wednesday. There is a **'Sports Day' PowerPoint** with many fun activities and challenges laid out for you to try, on the website. It contains descriptions and even video links.

We have created a special link to a **'Padlet'** page, where you can post details, at any time, of the fun sports activities you have done throughout the week. It would be fantastic if you could post a few things. You could post a short description, an illustration, a screenshot of a run/walk route, or a photo. It is very important that you do not post any photos of your own face or anybody else's face in your padlet posts.

Sports week is all about having fun, you can include your family if you wish, or even your pets! We hope you have lots of fun, and hopefully we get some nice weather!!!!

P.S: Look out for the teacher's padlet!

Ms. Nolan, Mr. Costello & Ms. Arnold

In short...

- Sports week will run from the 15th-19th of June. You are encouraged to fill out the **Sports Activity Log** each day and share some of your activities on our **Padlet.**
- Sports day for the whole school will be on Tuesday and Wednesday (16th & 17th). On these days you will select activities from the **Sports Day Powerpoint** and if you wish use the points system outlined in the powerpoint.
- For the rest of the week we have included lots of other optional activities for you to choose from; the **Sports Week document**, Joe Wicks Workouts, Yoga, obstacle courses, a mix of activities and novelty challenges, which you can attempt.

Optional Maths: Please continue with your mental maths WK 36
Please note: *You will need many of your books for a few weeks when we return to school in September. As we finish up with 'school work' we would ask you to store your school books and any library books you have in a safe place, so that when we return you will know where they are.*
