

Hi boys and girls,

Ms.Bolton here. I hope you are all keeping safe and well at home. It is so important boys and girls that we are being kind and listening to our parents and doing as we are told. I'm sure you all miss playing together and being in class but you will see each other again soon. And I for one can't wait to be back. I know school seems very different at the minute. Some of you are going to school at your kitchen table, or somewhere else at home, and I know for sure that you are all doing your very best. Don't worry if you can't understand some of the work or if you're finding it hard to finish, as always I just want you to do your best. If you are stuck maybe ask a parent, or a big brother or sister, to help you as I'm not there to help right now. If not, don't worry, just do what you are able to do. During this time apart. I would love if you read as many books as you can. You can do that by yourselves! Get as much DEAR time in as possible as well as playing games, doing some colouring, making your own jigsaws, and getting outside in the garden. Those things are just as important. Ms.Carragher has been putting messages up on the website and I'll be checking in with you all again. For now boys and girls I want you to keep safe and help your parents at home. Don't be worrying about getting all your work done, just do your best. I can't wait to see you all again soon,

Ms Bolton
