

Dear boys and girls,
I hope you are all getting on well.
These are unusual times and we need to all do what we can.
While you're at home remember to help out and be kind to one another.
There are plenty of things you can do to keep up with work at home too.
Remember to read, read and then do some more reading! Use the websites to help you with your Maths and keep exercising. Check the school website for updates on work and answers.
I hope you see you all soon.
Take care,
Ms Callaghan
