

Hello Oak,

Ms. Sheerin here. I hope that you, and all of your families, are safe and well at home. I am sure that you are missing playing with your friends and all the fun we usually have at school, but we will all be back together before too long. Do your best to practise your sounds and tricky words, you could even use them to play a game! All of you have been doing so well with your handwriting, you can continue to practise all the letters you know at home too. We will be updating the website with work for you next week.

I'll also let you in on a secret... you can learn lots of different things through playing! If you can, play outside in your garden, play with blocks/Lego, play pretend games. Don't forget to relax with your families as well.

I know all of you are such brilliant boys and girls and will be doing this anyway, but make sure you're being kind and helpful to everyone at home. Remember – it's nice to be nice. I can't wait to hear all of your stories about your time spent at home, and see all your lovely pictures and colouring.

PS – Archie the Owl says hello to everyone!

See you soon,

Ms. Sheerin
